# Windy Row Learning Center

READING IS WHAT WE DO.

One-on-one tutoring to help children reach grade level in reading and math.

## Special points of interest:

- Visit Windy Row Learning Center on Facebook! Start a conversation with other parents or ask questions of our staff.
- Does your child have trouble with time management? Worried about dyslexia and bullying? Find tips and reassurances on the Windy Row blog at [www.windyrow.org](http://www.windyrow.org).
- Prefer to receive your newsletter by email? Tell us today at [info@windyrow.org](mailto:info@windyrow.org).

## Thank You, Bill Austin

*Bill Austin contributed many talents to the Peterborough community, and he contributed his support to Windy Row Learning Center in a way that will make us forever grateful.*

When Bill died in 2014 his will stipulated a donation to Windy Row Learning Center.

This should not have come as a surprise to us because Bill was always involved with children and with Windy Row. He taught hunter safety courses to children for 20 years; he gave many of those children their first hair cut at Bill's

Barber Shop; and he put his superior barbequing skills to work raising funds for community events and nonprofits.

For over 60 years Bill was an active Mason and twice served as Master. For 23 of those years, he and his wife Betty organized and served an annual community-wide Thanksgiving dinner at the Masonic Hall which raised money for Windy Row and other causes.

Matthew Zahn, who is a member of the Fernald, Taft, Falby and Little law firm and of the Windy Row board, says,

"Leaving a gift to a non-profit such as Windy Row can be a rewarding part of any estate plan, no matter how large or small. I would recommend contacting an attorney to learn more about the many possibilities."

Windy Row is grateful to every donor who gives a child the gift of reading. Thank you.

To donate to Windy Row right now, please visit the Donate Now page on our website ([windyrow.org](http://windyrow.org)).

## Summer at Windy Row: Reading & Math & Fun

Windy Row

Learning Center

We don't stop for the summer at Windy Row! If your child needs help with reading and math, we can arrange for individual tutoring that fits around your vacation and summer schedule.

We accept children from kindergarten through grade 10 and develop a program that targets the specific reading or math skills your child needs.

Tutoring sessions are normally 1 hour long,

twice a week. They reinforce and build on your child's strengths.

Please email [info@windyrow.org](mailto:info@windyrow.org) or phone 924-7198 for more information.

## “My Little Girl Really Enjoys Windy Row.”

Lizbeth (not her real name) struggled in kindergarten from the beginning, and her parents feared she might be kept back. Her mother brought her to Windy Row where we began developmentally appropriate activities to help her learn her letters and sounds and begin to read.

Lizbeth loves Windy Row! She gets to write letters in sand and shaving cream and cut out paper letters to decorate with her choice

of glitter or beads (she always chooses glitter).

That's part of the beauty of multisensory instruction: it involves the whole child and approaches reading from an unexpected and fun direction.

This bright kindergartner is now reading on nearly the same level as the other kindergarten children. Lizbeth will come to Windy Row for summer tutoring in reading and math; and next school year, when

she's in first grade, we will concentrate on math.

Lizbeth's mother says, "I can't speak highly enough of Windy Row and would highly recommend Windy Row to any other parent who is looking for help for their child. My little girl really enjoys going to tutoring and loves her relationship with her tutor. Her tutor has been so accommodating with her schedule even for the upcoming summer."
